

Polk-Jackson-Perry Fire receives grant

Published: November 30, 2016 4:00 AM

Ashland County Community Foundation awarded \$413 to Polk Fire Department to replace traditional radio mic holders in each of the company vehicles with magnetic ones.

The lasting benefits of the magnetic radio mic holders present a safety improvement. They allow the driver to keep their focus and eyes on the road by easily being able to retrieve and rest the mobile radio on a magnetic clip instead of fumbling around for the traditional clip. Grant writer was Jackson Township Trustee Cheryl Welch.
